micrologic® PREMIUM 103

Rapid Solvent Plus

Extremely fast rust remover with improved formula for high creep capability and optimum lubricating effect. Nano-particles provide maximum protection against re-blocking.

Properties:

- Contains Nano-particles for maximum protection against seizing
- Extremely powerful penetration effect
- Releases oxidized screwed and push-fit connections in seconds
- Effective even in high temperature range
- Displaces humidity and moisture
- Extremely powerful lubrication effect, hence high degree of ease of disassembly
- Also highly effective on light alloy and bright metals (aluminum)

Area of application:

- Remove heavy rust and loose rust parts. Spray Rapid Solvent Plus on to be released parts and loose immediately.
- In particularly stubborn cases release screwed joint by simultaneous mechanical movement and spraying.

Application :

For dismantling solid rusted bolts, track rods, exhaust fittings etc.
For loosening solid hinges.
