Interior Plus

Fully synthetic surface care product with dirt and dust repellent resulting in a silk finish.

Properties:

- Effectively cleans and prevents the reoccurrence of dirt and dust
- Its UV protection prevents graying and discoloring of plastics
- Regenerates stressed plastics
- Maintains rubber and plastic parts
- Eliminates and prevents creaking and clicking noises
- Compatible with all prevalent plastics
- Strongly reduces friction through non-grease wheel slide protection
- It does not leave stains on fabrics when used correctly (Note spraying distance!)

Area of application:

- Sluggish safety belts
- Eliminates noises especially in car interiors
- Sluggish window channels
- Maintains rubber and plastic parts
- Prevents the freezing-up of door seals

Application:

Spray the to be treated parts evenly. Extend the safety belt fully and treat both sides with Interior Plus, and let dry briefly. Spray from a distance of at least 30 cm
